

exploring closeness
eventhough we are
at a distance

The Sister and staff, Sisters Hope (DK), will soon travel to Greenland to unfold Sisters Academy #2 as a part of Fluid States North, that operates within the overall framework of PSi#21 Fluid States - Performance of Unknowing.

The Sister and staff will yet again intervene into the art institutional frame, as Sisters Academy #2 will unfold at Nuuk Art Museum, from where sensuous learning will be explored through telematic presence with contributions from teachers, artists and researchers.

Sisters Academy #2 will manifest from the 18th - 21st of June 2015.

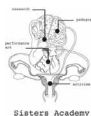

Follow the manifestation on:
